Career Objective

Passionate programmer with a solid foundation in **Procedural** and **Object-Oriented Programming**, and fundamental knowledge of **software engineering**, **web development**, **artificial intelligence**, **IoT** and **Telematics**. Skilled in **Python**, **HTML**, **CSS**, **JavaScript**, and frameworks/libraries such as **Flask**, **ReactJS**, and **NextJS**. Recognized for **innovative problem solving**, **good research skills**, and delivering **measurable outcomes**. Aspire to be part of teams that build innovative solutions for modern challenges.

Academic Qualification

- | | | | |
|---|----------------|---|---|
| ➤ | 2022 till date |  | NED University of Engineering and Technology
Bachelor of Engineering - BE, computer and Information Systems Engineering |
| ➤ | 2022 |  | Adamjee Government Science College
HSSC, Pre-Engineering (Grade: 90%) |
| ➤ | 2020 |  | Army Public School - (APSACS)
Matriculation (Grade: 93%) |

Professional Experience

- | | | |
|---|--|--------------------------|
| ➤ | <u>National Centre of Artificial Intelligence, NED University</u> | <i>Karachi, Pakistan</i> |
| Position: Computer Vision Intern | | |
| Date: February 22, 2024 – April 22, 2024 | | |
| <ul style="list-style-type: none">Contributed in creating datasets by image annotation using Roboflow.Trained computer vision models using YOLOV8 object detection model.Gained experience in cutting-edge technologies like REACTJS, Flask.Collaborated with mentors and team members to enhance technical skills. | | |
| ➤ | <u>Karachi Development Authority (KDA)</u> | <i>Karachi, Pakistan</i> |
| Position: IT Intern | | |
| Date: March 3, 2025 - April 4, 2025 | | |
| <ul style="list-style-type: none">Gained exposure to data transparency practices in public service IT projects.Supported the IT team in routine troubleshooting of hardware and software issues.Learned about payroll system digitalization and employee service automation. | | |
| ➤ | <u>National Centre of Artificial Intelligence, NED University</u> | <i>Karachi, Pakistan</i> |
| Position: FullStack Software Developer Intern | | |
| Date: April 5, 2025 - August 30, 2025 | | |
| <ul style="list-style-type: none">Contributed to the development of the internship portal using React.js, Node.js, and MongoDB.Assisted in developing a face recognition based attendance system using Flask, ReactJS, Raspberry Pi.Collaborated with the team on coding, debugging, and testing features for internal applications.Gained hands-on experience in full-stack workflows, including frontend design & backend integration. | | |

Courses

- | | | |
|---|---|--|
| ➤ | Introduction to Front-End development |  Meta |
| ➤ | Programming in Python |  Meta |
| ➤ | Introduction to Artificial Intelligence |  IBM |

Projects

- | | |
|---|---|
| ➤ | FlashMind - A Flashcard Web App |
| <ul style="list-style-type: none">Developed a full-stack Flask app for creating and studying custom flashcards.Implemented user authentication and stored data using MongoDB Atlas.Integrated LLM APIs and styled the UI with HTML and Tailwind CSS. | |
| ➤ | Taskify - A Smart Workflow Organizer Desktop Application |
| <ul style="list-style-type: none">Built a Python desktop application with a modern UI using CustomTkinter.Enabled offline access through local file storage.Focused on intuitive design and smooth task management experience. | |

Additional

- Technical Skills:** Python, JavaScript, HTML, CSS, Tailwind CSS, Bootstrap CSS, MongoDB, SQL, Git, GitHub, Flask, ReactJS, NextJS, Procedural Programming, OOP, Arduino, ESP32, RaspberryPi.
- Interests:** Software Development, Web development, Artificial Intelligence, Full-Stack Development.
- Soft Skills:** Team collaboration, Leadership, Time Management, Effective Communication.
